# OLED

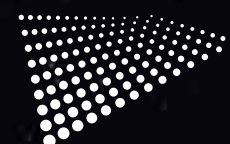

## 80 YEARS ON THE ROAD JUST FOR A GREATER OLED

A new generation of LGD OLED Basic Module, combined with METZ's professional 80-year-old technology, creating a better image quality.

Abundant interface

## PIXEL DIMMING

### WHAT YOU SEE IS WHAT YOU GET

Over 33.17 million luminous pixels, more accurate color restoration. OLED independent pixels control light, turning off pixels on black pictures and approaching the extreme dark performance of 0 nit. The night sky darkens, but the stars are more dazzling.

900 nits peak  
brightness

Outstanding performance in  
darkness with approximate 0 nit

Approximately 135,000:1  
to infinite contrast

129%  
BT709 wide color gamut

HDR  
-10- HDR10

178°  
wide viewing angle

METZ  
EYE CARE  
FLICKER FREE

## Flicker free

By control the current output to adjust the screen brightness,so that the screen brightness changes smoothly,without any flickering.This way,the backlight has no flash and is healthier for our eyes.

## Family Entertainment System

### FAMILY FUN BUCKET

As the family's entertainment system, it brings endless joy whether you are a gamer, movie fan, or sports fanatic, letting you find your own excitement.

## Hey Google

### FREE YOUR HANDS WITH VOICE CONTROL

With Hey Google, you can simple use your voice to search and access entertainment, get answers, control the TV and smart home devices, and steamline your day. Just say "Hey Google" to get started.

- 90° accurate voice receiving
- 97% voice recognition rate
- 5m voice localization
- Based on 70 dB human voice laboratory environment test data

# Swaiot

## ALL INTELLIGENCE UNDER YOUR CONTROL

Swaiot has made intelligent connections possible that users can view, control and manage the Swaiot devices around their homes from their TVs.

## POWER COMES FROM THE INNER CORE

Equipped with METZ latest Chameleon Extreme 2.0 Engine, intelligently analyze and process images, precisely restore and reconstruct details, to create movies with an illusion of new ones, enjoy them as captivating as they are.

- Super Resolution
- Contrast Enhancement
- Dynamic Remodel
- AI Self-Adaption

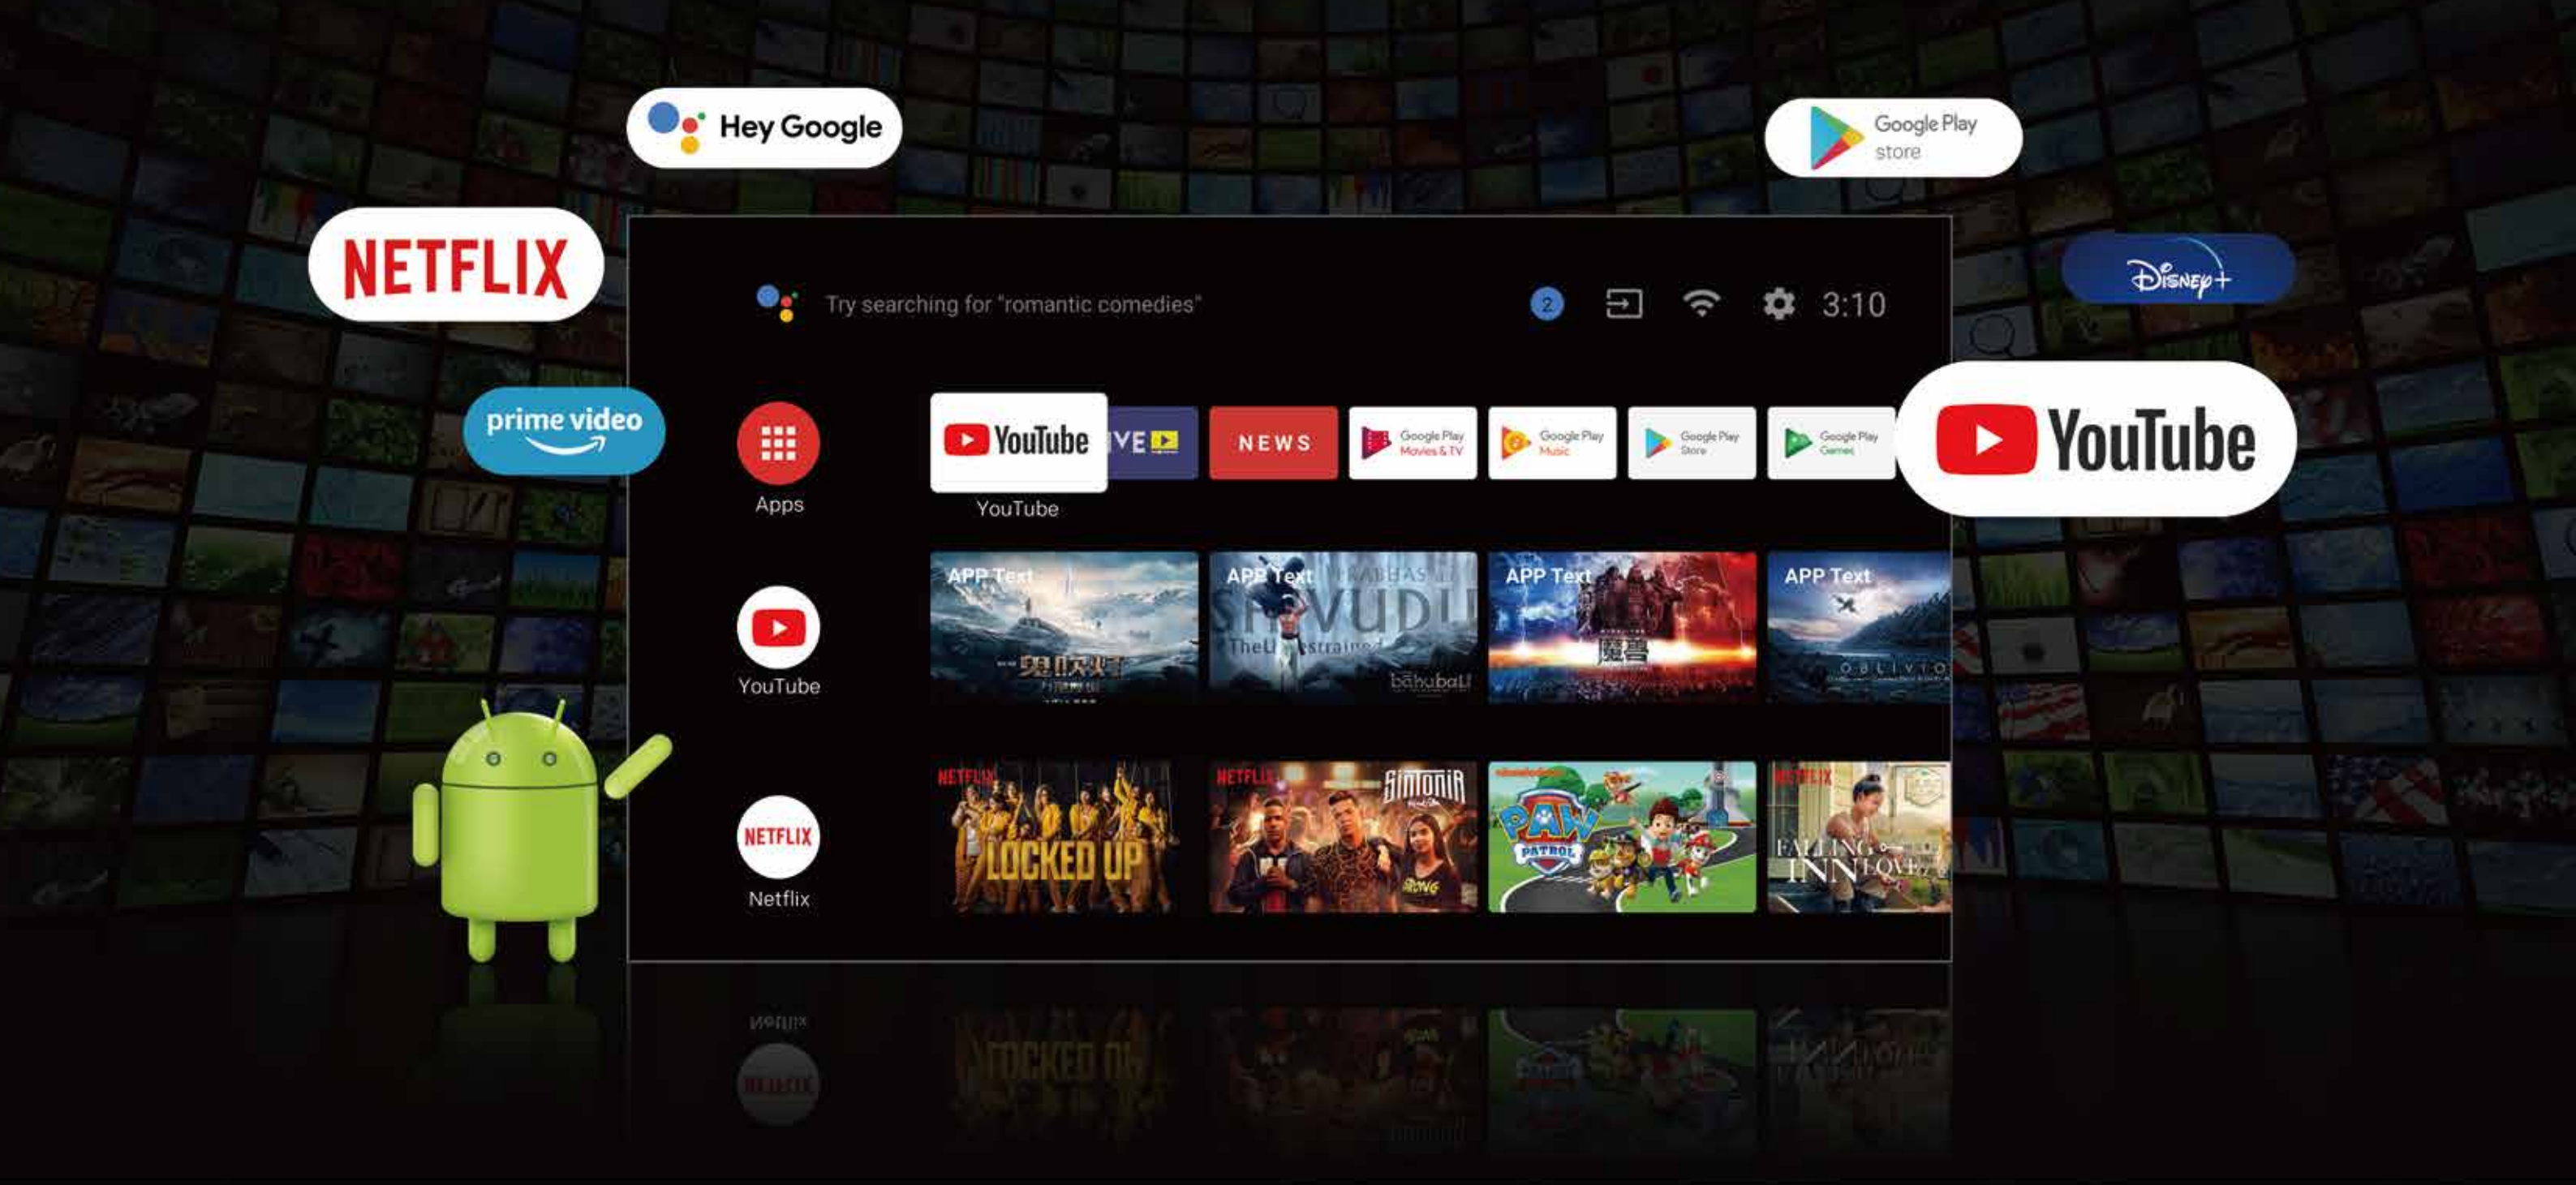

## Boundless Screen

### BOUNDLESS VISION FULLY BLOOMS

Boundless screen design and ingenious craftsmanship create the ultimate slim linear mid-frame, which tightly fits around the edge of the screen, bringing you boundless visual enjoyment.

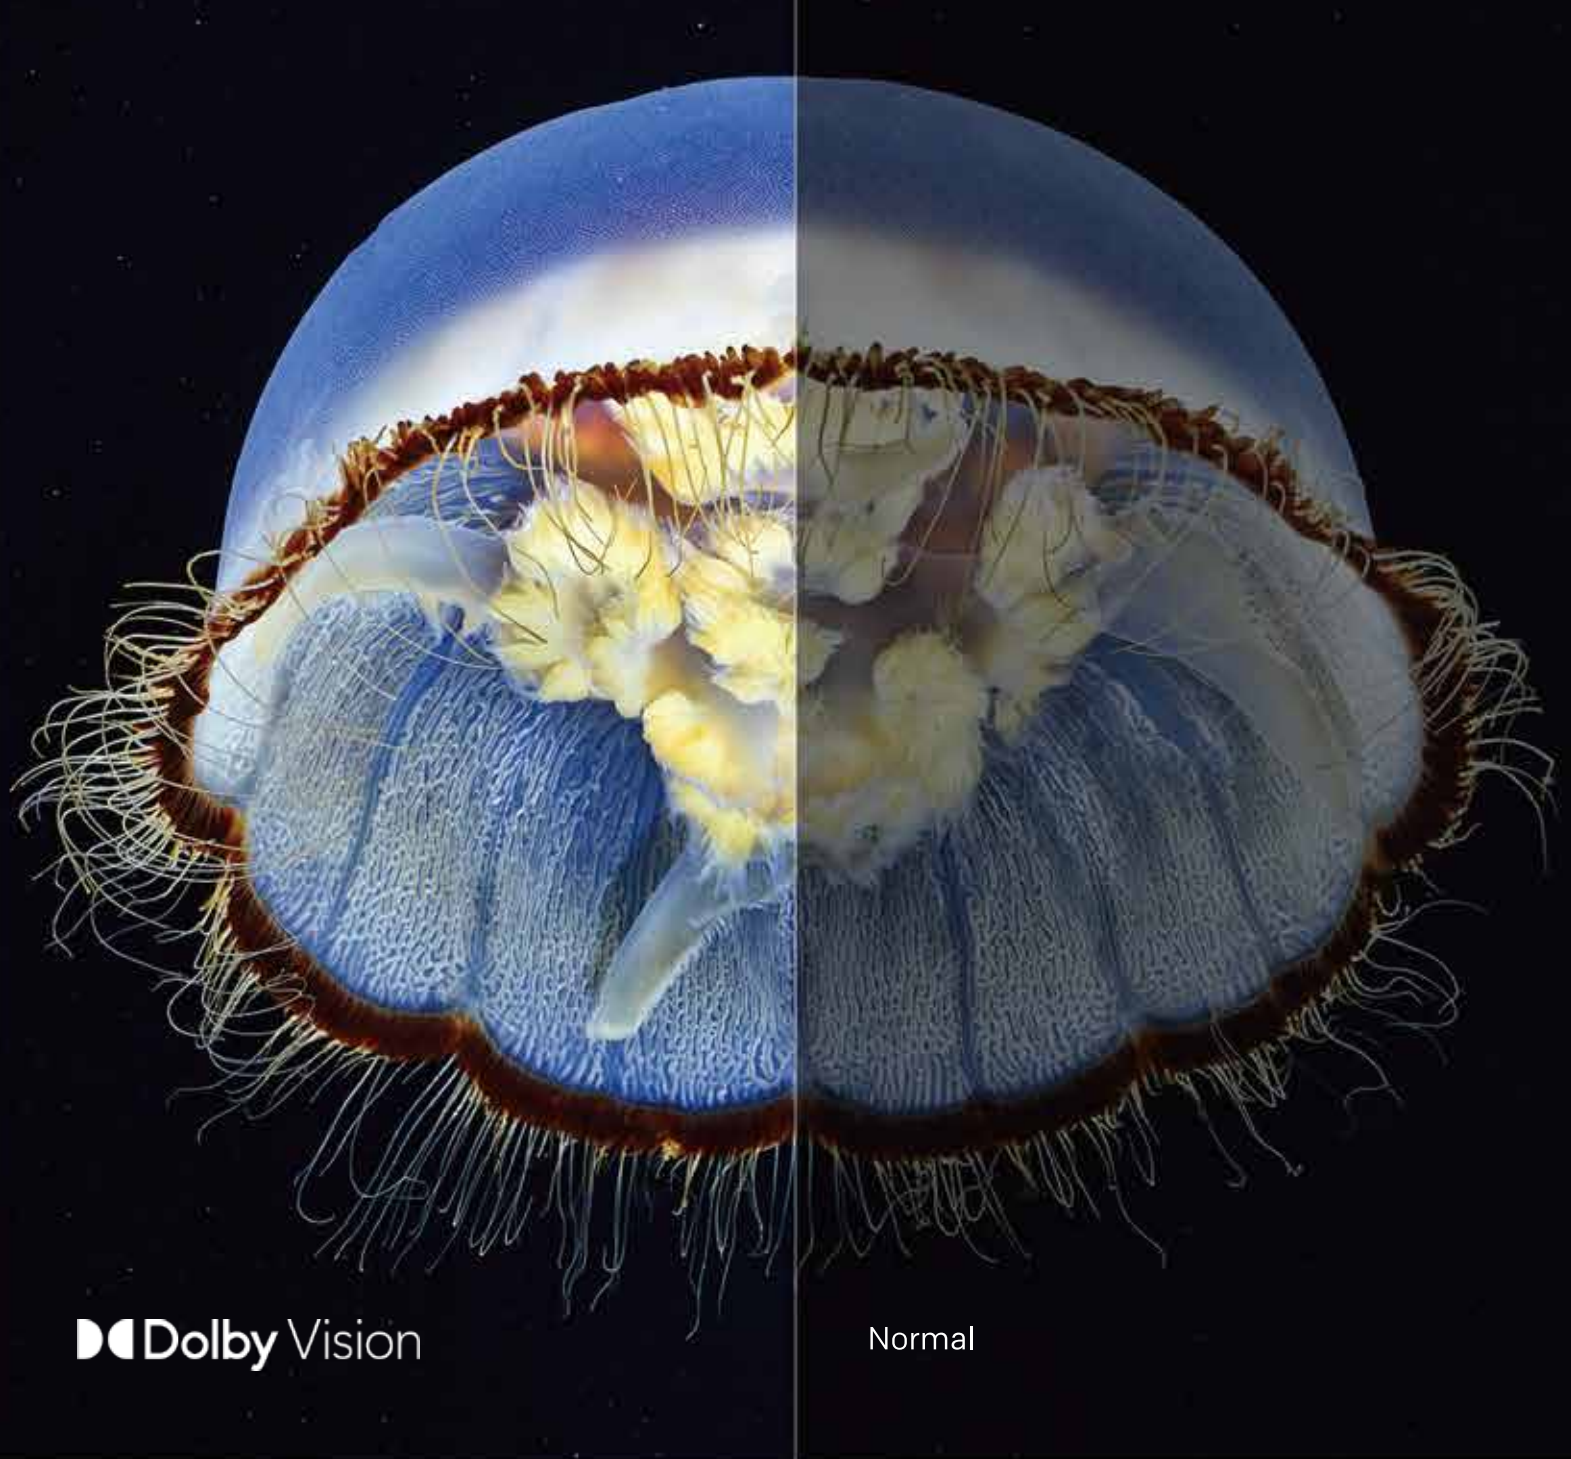

## Android 10

### THE LATEST ANDROID OS

Equipped with the latest Android system, faster response, and more powerful functions with abundant content.

## Dolby Vision

### DETAILS IN EVERY SENSE

Dolby Vision brings a much higher level of HDR performance with brighter colors, stronger contrast between light and dark, and richer details, thus fully elevating the 3D viewing experience. Film-level processing technology can fascinate you in one glance.

## Dolby Atmos&DTS

### TREAT YOUR EARS A FEAST

Dolby Atmos and DTS deliver a heart-shaking audio experience, with 360° stereo sound. Try to feel a plane gliding overhead, hear the rain dripping from the eaves.
